## ABOUT ME

Dedicated and versatile IT professional with a Bachelor's degree in Computer and Information Technology, holding nearly 6 years of hands-on experience in system administration, IT infrastructure support, and software testing. Currently based in Malta with a valid work permit, I bring strong technical expertise in managing and supporting enterprise systems across Microsoft 365, Active Directory, MS SQL, and cloud platforms like AWS and Azure.

Proficient in troubleshooting network and hardware issues, configuring secure environments, managing databases, and supporting both end-users and internal systems. Experienced in providing second and third-level support, maintaining system documentation, and delivering training on IT applications. I also have a solid foundation in cybersecurity tools, project coordination, and using modern AI solutions like ChatGPT and DeepSeek to optimize IT operations.

I am a fast learner with a proactive mindset, committed to continuous development and excited to contribute to the dynamic airport environment by ensuring stable, secure, and high-performing IT systems.
